FAILED LOG MESSAGE

Dependent "Netlogon" service of the "lsass" service hosting process is in an inconsistent state due to non-availability of the "svchost2" service hosting process hosting the "Lanmanworkstation" provider service.

FIG. 5A

502

SUCCESS LOG MESSAGE

Dependent "Netlogon" service of the "lsass" service hosting process has been recovered from an inconsistent state by restarting the lost "svchost2" service hosting process hosting the "Lanmanworkstation" provider service.
